CONTRIBUTORS TO VOLUME V.

- ADAMS, J. F. A., M.D., Pittsfield.
ALEXANDER, C., M.D., West Eau Claire, Wis.
BEARD, GEORGE M., M.D., New York.
BIGELOW, HENRY J., M.D., Boston.
BIGELOW, JACOB, M.D., Boston.
BROWN, FRANCIS H., M.D., Boston.
BOWDITCH, H. I., M.D., Boston.
BOWDITCH, H. P., M.D., Boston.
BURNHAM, WALTER, M.D., Lowell.
BUTLER, L. C., M.D., Essex, Vt.
BUTLER, J. F., M.D., Chesterfield Factory, N. H.
CAPRON, GEORGE, M.D., Providence, R. I.
CHEEVER, DAVID W., M.D., Boston.
CLARK, C. C. P., M.D., Oswego, N.Y.
CLARKE, EDWARD H., M.D., Boston.
CLARK, R. K., M.D., South Hero, Vt.
COOPER, SHERMAN, M.D., Claremont, N. H.
COTTING, B. E., M.D., Boston Highlands.
DERBY, GEORGE, M.D., Boston.
DOANE, GEORGE W., M.D., Hyannis.
DWIGHT, THOMAS, Jr., M.D., Boston.
FOSTER, G. E., M.D., Springfield.
GILLESPIE, W. A., M.D., Louisa C. H., Va.
GREENE, WM. WARREN, M.D., Portland, Me.
HARVEY, E. B., M.D., Westboro'.
HASKINS, ALFRED L., M.D., Boston.
HATTON, Dr., Bonn, Prussia.
HAY, GUSTAVUS, M.D., Boston.
HITCHCOCK, ALFRED, M.D., Fitchburg.
HOLMES, O. W., M.D., Boston.
JACKSON, J. B. S., M.D., Boston.
JEFFRIES, B. JOY, M.D., Boston.
LINCOLN, DAVID F., M.D., Boston.
LOTHROP, CHARLES L., M.D., Lyons, Iowa.
METTAUER, J. P., M.D., Prince Edw'd C.H., Va.
MATTHIS, J. T., M.D., Vincennes, Ind.
MILLET, ASA, M.D., Bridgewater.
MINOT, FRANCIS, M.D., Boston.
MUNRO, W. F., M.D., Boston.
PUTNAM, CHARLES G., M.D., Boston.
PUTNAM, JAMES J., M.D., Boston.
QUINCY, H. P., M.D., in Vienna.
ROBINSON, A. B., M.D., Boston Highlands.
ROCKWELL, A. D., M.D., New York.
SALISBURY, STEPHEN, M.D., Brookline.
SHAW, HENRY L., M.D., Boston.
SPEAR, DANIEL D., M.D., Kennebunk, Me.
SULLIVAN, J. L., M.D., Boston.
TREADWELL, J. B., M.D., Boston.
TRIPLETT, W. H., M.D., Woodstock, Va.
TUCK, HENRY, M.D., Boston.
TURNER, O. C., M.D., North Attleboro'.
WEBBER, SAMUEL G., M.D., Boston.
WEBSTER, E. M., M.D., Kingsville, Ohio.
WHEELER, LEONARD, M.D., Lincoln.
WHITE, JAMES C., M.D., Boston.
WIGGLESWORTH, EDWARD, Jr., M.D., Boston.
WILLIAMS, HENRY W., M.D., Boston.
WYMAN, MORRILL, M.D., Cambridge.
YOUNG, ALEXANDER, Esq., Boston.

6238

- Boutelle, Dr. Thomas R., death of, 19
 Bowditch, Dr. H. I. Meeting of the Amer. Med. Association, 252, 286
 Bowditch, Dr. H. P. Prof. Carl Ludwig's Physiological Laboratory, at Leipzig, 305
 Brain, remarkable case of injury of the, 217, 313; lesions of the base of the, 289; anatomy of shocks of, 311
 Bronchocele, removal of, 152
 Bronchus, bone lodged in, 459
 Brown, Dr. Francis H. Climate and medical resources of Madeira, 345
 Buckingham, Dr. Charles E. Correspondence on a fatal case of placenta prævia, 302; vs. Mr. Darwin Bernard and others, 420
 Burnham, Dr. Walter. The dangers and responsibilities of a surgeon, 77
 Butler, Dr. John F. Case of remarkable endurance, 3
 Butler, Dr. L. C. Vermont Medical Society, 378
 Buttermilk, in rearing infants, 407
 Calcoli, biliary, 176
 California Board of Health, 434
 Cancer and malignancy, 423
 Capron, Dr. George. Subcutaneous injection of morphia, 209
 Carbolic acid, poisoning by, 72; saturated solution, 323
 Carbon, inodorous sulphide of, 343
 Carcinoma of the uterus, 180
 Cauliflower excrescence of the uterus, 189
 Cerebro-spinal meningitis, 343
 Cervix uteri, anatomy and physiology of the, 73
 Cheever, Dr. David W. Six cases of hernia, 369
 Chloral, hydrate of, 96, 257, 278, 449, 455, 457; caution concerning, 71; producing anæsthesia, 111, 139; poisoning by, cured by strychnia, 53; used in obstetrical practice, 136; in whooping cough, 207; odor of, masked, 252; hydrate of, in chorea hysterica, 257; Dr. Da Costa's notes on, 342; history of, with cases illustrating its action, 449; Dr. B. W. Richardson's views of, 467
 Chloroform, deaths from, 19, 55, 75, 111, 131, 147, 151, 174, 194, 215, 233, 251, 267, 307, 367, 387, 423, 447; homicides by, 113, 326; havoc wrought by, 144; outrage and robbery under its influence, 186; Dr. Simpson's views, 230; and ether, from a surgical point of view, 206; mortality caused by, after operation, 251; Billrock's case of death from, 376; the relative danger of it and ether, 382; correspondence between Profs. Simpson and Jacob Bigelow, 137, 187, 389; Sir James Y. Simpson's case of death from, 285; views of, in the Union Medicale (France), 305; loss of speech after, 343; preserving in the dark, 36; detection in the cadaver, 232
 Chlorous acid, 252
 Children, food for, 257
 Children's Hospital, annual report, 90
 Choate, Dr. C. G. S., resignation of superintendency at Taunton, 176
 Cholera, copper as a prophylactic, 69; questions of contagion, infection, and spontaneous invasion, 494
 Chorea hysterica, hydrate of chloral in, 257
 Christianity and medical science, their organic and parallel relations, 140
 Cinchona in India, 447
 Clark, Dr. C. C. P. The American Med. Association meeting, 468
 Clark, Dr. R. K. Case of congenital malformation, 413
 Clarke, Prof. Edward H. Hydrate of chloral, with cases illustrating its action, 449
 Coccydynia, case of, 458
 Cohnheim's alleged discovery, 206
 Colchicum and aconite, use of, 107
 Coma, from nitrous oxide, 91
 Combustion, spontaneous, 248, 294
 Congenital malformation, case of, 413
 Conium, extract of, 190; maculatum, 485
 Contagious diseases, act concerning, 34
 Convalescents, Home for, 32
 Convention of Medical Colleges, 36, 344
 Convulsions, puerperal, 167
 Cooper, Dr. Sherman. Remarkable case of injury of the brain, 217 [crayons, 197
 Copper, a prophylactic of cholera, 69; sulphate of, Coralline, 206
 Cord, spinal, effects of injuries to, 319
 Cornes, congenital opacity of the, 261
 Corpuscles, white, of the blood, 423
 Cotting, Dr. B. E. Position of the foetus in utero, 253
 Cranial disease, with exophthalmos, 237
 Cranial region, tumor of, 321
 Crosby, Prof. Dixi, birth-day dinner, 129
 Croup, treatment of, 114, 219; by lactic acid, 494
 Cutaneous diseases, notice of Dr. Durkee's work, 226
 Dale, Dr. William J., Surgeon-General, 19
 Derby, Dr. Geo. A well-ventilated school-house, 208
 Diabetes, several species of, 424; opium in, 483
 Diagnosis, muscular excision an aid to, 233
 Dickens, Charles, death of, 466
 Digitalis as a remedy, 62
 Dislocation, of the lens, 1; criticism on, 63; of fifth cervical vertebra, 174
 Diphtheria, cases of, 133; local treatment of, 267
 Diplomas, spurious, 107
 Dislocations, reduction of, Profs. Bigelow and Gunn on, 115, 150; Prof. Greene on, 153
 District of Columbia, Medical Societies of, 52, 92, 123, 135, 168, 223
 Doane, Dr. George W. Case of abscess of the liver, 2
 Droopy, from disease of the heart, 473
 Druggist fined for error in dispensing medicine, 223
 Dublin, Ireland, ratio of mortality in, 131
 Dust and haze, 201
 Dwight, Dr. Thomas, Jr. Undescribed processes from arches of human vertebra, 38
 Dyspnoea, urgent, and engorgement of heart with blood, 130; sudden, relieved by venesection, 463
 Dysenteric arthritis, 47
 Education, medical, importance of, 3; case in point, 184
 Electrical infant, an, 76
 Electrization, general, diseases treated by, 74; electricity as a therapeutic agent, 251; localized and general, 489
 Encephalitis congenita interstitialis, 287
 Endometritis, treatment of by uterine injections, 200
 Endurance, remarkable case of, 3
 Engorgement of heart with blood, 130
 Ergot of rye, employment of in parturition, 19
 Erysipels, notes on some cases of, 16
 Essex North District Medical Society, 473
 Ether, used for operations at Massachusetts Eye and Ear Infirmary, 447; the relative danger of it and chloroform, 382; discovery of, 137, 187, 389
 Etherization, in labor, 30
 Excision, muscular, as an aid to diagnosis, 233
 Exophthalmos, resulting from fibro-fatty tumor of the orbit, 98; with intra-cranial disease, 237

INDEX.

- Fastigium, of Wales, 179
 Fever, relapsing, in London, 74; history of in United States, 151; typhoid, case of, 184; and intermittent, carbolic acid in, 207; typhoid, cold water treatment, 238; spotted, in Georgia, 484
 Flint implements from Africa, 153
 Fetus, position of in utero, 253
 Foot-and-mouth disease, 52
 Foreign Journals, through American publishing houses, 252
 Foster, Dr. George E. Case of tetanus cured by excision of a nerve, 238
 Fracture, compound, of the patella, 18; compound, of leg, 142; of ribs in the insane, 189, 211, 248, 366, 385; of the odontoid process of the axis, 43
 Francis, Dr. John W., portrait of, 19
 Gas, in London, 35
 Gastric ulcer, chronic, 197
 Genesis and geology, 100
 German hospital in New York, bequest to, 503
 Gillespie, Dr. W. A. Syphilitic stricture of the œsophagus, 217
 Gland, lachrymal, in respiration, 322
 Glasgow Infirmary, and the antiseptic treatment, 220
 Greene, Dr. William Warren. Reduction of dislocations, 153, 225
 Glycerate of tar, 424
 Gunn, Prof. Reply to Prof. Bigelow, 115
 Hematuria, 232
 Hemorrhage, in necrosis of radius, 165; after operation on tumor, 166
 Hemorrhoids, new clamp for, 92; treatment of, 112
 Harvard University, levee of the medical faculty, 132; medical appointment, 484; commencement, 194, 504; anatomical museum, 466
 Harvey, Dr. E. B. Death from chloroform, 194
 Haschich for the expulsion of tennis, 323
 Haskins, Dr. Alfred L. Poisoning by cyanide of potassium, 91
 Hatton, Dr. Bonn, in Rhenish Prussia, 301
 Hay, Dr. G. Mass. Charitable Eye and Ear Infirmary, 90
 Haze and dust, 201
 Heart, transfixed by a needle, 92; engorgement of the, 130; organic disease of the, hydrate of chloral in, 457
 Heat, exposure to, 291
 Hemp, Indian, action of nitric acid upon, 151; American, substitute for foreign article, 246
 Hereditary idiocy, 85
 Heredity, another phase of, 104
 Hernia, six cases of, 369; diaphragmatic, 400
 Hiccough treated with mustard, 207
 Hip-joint, luxations of the, 65
 Hitchcock, Dr. Alfred. Some new features in the operation of ovariectomy, 309
 Holmes, Dr. O. W. Poem read at annual dinner of Mass. Med. Society, 444
 Homœopathic practitioners, 368
 Hospital Reports. Boston City Hospital, 44, 84, 141
 Hooker, Dr. A. P., death of, 67
 Hospitals, American and Canadian, 288; rights of the medical staffs of, 106
 Hymen, unbroken, in pregnancy, 33
 Hypodermic injections, of strychnine in paralysis of the vocal cords, 53; of opium, 422; manual of, 474
 Hysteria, hydrate of chloral in, 455
 Hysteria chorea, hydrate of chloral in, 257
 Idiocy, causes of, 85
 Ileum, perforation of the, 474
 India, cinchona in, 447
 Infectiousness of cholera, 404
 Influenza, 164
 Ingalls, Dr. William. Children's Hospital, 90
 "Innominate." Homicides by chloroform, 113, 326
 Inoculation of tubercle, 89
 Insane Asylum, at Worcester, 72; at Taunton, 129, 176, 342; at Somerville, 227; at Providence, 173
 Insane, the treatment of, 51; broken ribs in the, 199, 211, 248, 366, 385; mal-treatment of, 288, 393; confinement of the, in France, 318; transitory mania, 339
 Insanity, in America, 75; interesting case, 31
 Insomnia, hydrate of chloral in, 455
 Intestinal obstructions, the long tube in, 38
 Intra-cranial disease, with exophthalmos, 237
 Ipecacuanha, action of small doses of, 422
 Irritation, spinal, 228
 Jackson, Dr. J. B. S. Observations on tubercle, 94
 Jeffries, Dr. B. Joy. Criticism on "two cases of double spontaneous dislocation of the lens," 63; account of Prof. Ludwig of Leipzig, 421
 Joints, diseases of, 214
 Jute, new use for, 308
 Kidneys, extirpation of one of the, 173; movable, 279; excretion of phosphoric acid by the, 183
 Kimball, Dr. Gilman. New features of ovariectomy illustrated in his practice, 309
 Laboratory, physiological, at Leipzig, 305
 Lachrymal gland in respiration, 322
 Lactic acid, in the treatment of croup, 424
 Lady doctors, 20
 Laryngo-tracheotomy. Drs. Sayre and Ruppner's case of, 209, 286
 Larynx, malignant tumor in and outside of, 459; foreign body in the, 484
 Law of malpractice, the, 425
 Lead water-pipes, protection of, 308
 Leipzig, description of Prof. Ludwig's physiological laboratory in, 305, 421
 Lens, double spontaneous, dislocation of, 1; criticism on, 63; crystalline, cretaceous degeneration of the, 464
 Lesion, of the skull, from pistol ball, 32; of the base of the brain, 289
 Levee of Medical Faculty of Harvard University, 132
 Liabilities of medical men, 425; in gratuitous and in hospital practice, 426; of druggists and apothecaries, of consulting physicians, &c., 436-9.
 Library, a valuable, 75
 Life, the physical phenomena of, 479; insurance companies, medical examinations, 226
 Lincoln, Dr. D. F. Treatment of croup, 114; hydrate of chloral in phrenitis, 278; cold-water treatment of typhoid fever in Munich, 238; hydrate of chloral in chorea hysterica, 257
 Lignor opii compositus, 79
 Lithotomy and lithotripsy, 483
 Liver, abscess of, 2; evacuated by Bowditch's syringe, 35
 Locomotor ataxy, arthropathy connected with, 265; clinical history and pathogeny of, 192; with hydrarthrosis, 267
 London and Paris, comparative mortality in, 287
 Lothrop, Dr. Chas. H. "Collegiate agency" in Philadelphia, 107

- Lupus, treated by galvano-caustic, 165
 Ludwig, Prof. Carl, notice of, 421
 Lunatics, improper confinement of, 330; broken ribs in, 190, 211, 248, 368, 385
 Luxations of hip-joint, 65; dorsal and ischiatic varieties of, 115, 150
 Lymphatics, varicose dilatation of, 232
- Maderia, island of, its climate and medical resources, 345
 Malformation, congenital, 413
 Malignancy and cancer, 423
 Malpractice, suit for, 77; the law of, 425
 Manganese in blood and milk, 483
 Mania, transitory, 339
 Massachusetts, report of deaths in, 20, and weekly: Medical College, commencement, 194, 504; Medical Society, 388, 403, 415, 444, 467; councillors' meeting, 481; Charitable Eye and Ear Infirmary, 447; State Board of Health, 283, 286; General Hospital, 227
 Martin, Dr. John W. Notes on some cases of erysipelas, 16
 Mathis, Dr. J. T. New staphyloraphic needle, 377
 Menstrues, 246
 Medical Congress at Florence, 27
 Medical journals in the United States, 83, 105
 Medical testimony and experts, report concerning, 119
 Medical science and Christianity, their organic and parallel relations, 140
 Medical practitioners, warning to, 232
 Medulla and pons disturbed by exposure to heat, 191
 Melbourne, phthisis in, 308
 Membrana tympani, traumatic injuries of, 269
 Meningitis, cerebro-spinal, 343
 Mental activity, influence of, on the excretion of phosphoric acid by the kidneys, 193
 Mercurial ointment, fatal poisoning from, 219
 Mercury, binitide of, poisoning by, 499
 Meteorological, 484
 Mettauer, Dr. John P. Contributions to uterine surgery, 177; do. to pathology and practical medicine, 328
 Microscope, value in study of morbid growths, 261
 Midwifery, theoretical and practical, 24; premature delivery a resource in, 102; cases in, 310
 Milk, difficulty of buying pure, 257
 Millet, Dr. A. Plymouth Dist. Medical Society, 408
 Minot, Dr. Francis. Cases of diphtheria, 133
 Monstrosity, unprecedented presentation, 17
 Mont Blanc, M. Lortet's ascent of, 15
 Morphia, subcutaneous injection of, 209, 320, 473
 Munich, cold water treatment of typhoid fever in, 238
 Moths and other insects, protection against, 131
 Munroe, Dr. W. F. Prevention of venereal diseases, 371
 Muscular excision, as an aid to diagnosis, 233
 Mustard, a remedy for hicough, 267
 Myeloid sarcoma, 463
- Naphthaline, a protective agent against moths and other insects, 131
 Navy, rank of the line and staff officers, 55, 72, 199, 131, 191, 229, 308, 322, 343; report of Dr. Wood, 148; views of Admiral Farragut, 152
 Necrosis of radius, 165
 Needle, staphyloraphic, for relief of cleft palate, 377
 Negro doctor's rights, 344
 Nerve, excision of a, tetanus cured by, 238
 Neuralgia, of stump, 142; of ovaries, 208
 Neuropathia, genito-seminal, 328
 New-year's greeting, a, 12
 New-York, German Hospital, bequest to, 503; Bellevue and Charity Hospital, 183, 351
 News, European Medical, 56
 Nickel plating, 351
 Nightingale, Miss, 35
 Nitric acid, formed during a thunder-storm, 131; action upon Indian hemp, 151
 Nitrous oxide, coma from, 91
 Norfolk District Medical Society, reports of, 101, 400
 Nunnely, Mr., death of, 484
- Obstetrical practice, chloral in, 136; premature delivery as a prophylactic resource in, 162
 Obstetrical Society of Boston, report of, 67
 Odontoid process, fracture of axis of, 43
 Oesophagus, syphilitic stricture of the, 217; clinical researches upon diseases of the, 404
 Oil, fixed, detection of in plants, 75; olive, test of purity, 484
 Opii compositis liquor, 79
 Opium, effect of, and its derivative alkaloids, 99
 Opium eating, 56; cured by belladonna poisoning, 33; and hypodermic injection, 422
 Orbit, fibro-fatty tumor of, resulting in extreme exophthalmos, 98
 Orchitis, treatment of by blistering, 407
 Os uteri, incision in difficult labors, 68; scirrhus of, 178; ulceration of, 182; sudden closure of the, 310
 Ossification of the human body, 212
 Ovarian disease, pregnancy complicated with, 117
 Ovaries, neuralgia of, 208
 Ovariectomy, in Paris, 111; new features of, in Dr. Kimball's practice, 309
 Oxalic acid, suspected poisoning by, 57
- Palate, cleft, new needle for relief of, 377
 Palpation in diseases of children, 243
 Paralysis, of vocal cords, treated by hypodermic injection of strychnine, 53; morral, 222; of tongue, ribs and diaphragm, 289; alternate, 291; of face and limbs, 293; left side, 294; agitated, chloral in, 456
 Paraplegia, case of, 226
 Paris, small-pox in, 287; comparative mortality in, with London, 287
 Parturient women, proper diet for, 69
 Parturition, employment of ergot of rye in, 12; muscular labor of uterus in, 111
 Patella, compound fracture of the, 18; adhesive strap bandage in, 214
 Patent medicines, analyses of, 55
 Pathological Society, Dublin, specimens exhibited, 76
 Pathology, and practical medicine, contributions to, 328
 Pau, as a watering place, first impressions of, 55
 Pauperism, Society for Prevention of, 32
 Periodicals, American medical, 83 [on, 101
 Peritonitis, idiopathic, and puerperal, discussion
 Pertussis, management of, 76
 Pharmaceutical Association, convention of, 386
 Pharmacopoeia, U. S., revision of the, 386
 Phenic acid in smallpox, 408
 Phosphoric acid, excretion of, by the kidneys, 193
 Phosphorus poisoning caused by turpentine, 112
 Phrenitis, hydrate of, chloral in, 278
 Phenological materialism, 104
 Phthisis, prevalence of, coincident with soil-moisture, 249; in Melbourne, 308; hydrate of chloral in, 455, 456, 457

- Physiological Laboratory at Leipsig, 305, 421
 Pimentum nigrum, 394, 469
 Placenta, double, in single birth, 473; detachment of the, 477; prævia, correspondence concerning a case of, 302; testimony concerning, 420; double birth, with, 421
 Plants, detection of fixed oil in, 75
 Plymouth District Medical Society, 408
 Pneumonia, prevalent among horses, 137
 Poisoning, by cyanide of potassium, 21; by belladonna, 23; by partridges, 286; by biniodide of mercury, 490; by the oil of tansy, 34; by oxalic acid, 57; by carbolic acid, 72; by phosphorus, cured by turpentine, 112; by mercurial ointment, 219; by rattlesnake venom, 341; by opium, 343
 Potassium, cyanide of, poisoning by, 21; bromide of, in treatment of abortion, 208; in disease of brain, 291
 Porter, Admiral, and the naval-staff bill, 131
 Practitioners, medical, warning to, 232; homeopathic, 308
 Pregnancy, with hymen unbroken, 33; complicated with ovarian disease, 117; sudden death near the close of, 263, 283; motions of, simulated, 325
 Processes from the arches of human vertebrae, 37
 Prostitution, Mr. Acton on, 97; in England, 176; general regulation of, 374
 Providence, R. I., mortality of, and scarlatina, 213
 Pruritis, Bazin's liniment in, 35
 Pyæmia, as a symptom of syphilis, 91
 Puerperal fever treated by injection of ammonia, 117; convulsions, 167; sudden death, 264
 Pustule, malignant, of scrotum, 215
 Putnam, Dr. C. G. Action of abdominal muscles simulating motions of pregnancy, 325
 Putnam, Dr. James J. Experiments on the reflex contraction of bloodvessels, 469
 Quincy, Dr. H. P. Letter from Vienna, 71
 Radius, necrosis of, 165
 Ranula, acute, 231
 Rattlesnake venom, poisoning by, 341
 Relapsing fever, history of in United States, 151; in London, 74
 Reports of Medical Societies: New Medical Society, Washington, 7; Obstetrical Society of Boston, 67; Norfolk District, 101, 400; Suffolk District, 119; Boston Society for Medical Improvement, 165, 261, 279, 458; Massachusetts Medical Society, 281, 415; Middlesex South District, 338; American Medical Association, 352; Rhode Island Medical Society, 465; Essex North District Medical Society, 473
 Respiration, of the tissues, 126; the lachrymal gland in, 322;
 Rhode Island Medical Society, 465
 Rickets, case of, forcible straightening of bones in, 132
 Rip Van Winkle, M.D.: a poem, 444
 Robinson, Dr. A. R. Case of triplets, 38; false teeth swallowed, 114
 Rockwell, Dr. A. D. Localized and general electrization, 489
 Rubella, 246
 Salisbury, Dr. S. Cases in midwifery, 310
 Sarcosine, mycoid, 463
 Scabies, case of, proving fatal by application of mercury, 219
 Scarlatina, in Providence, R. I., 213
 Schœppe, Dr., scientific evidence in the case of, 51; writ of error, 205
 School-houses, well ventilated, 208, 267
 Scirrhus of the os, and cervix uteri, 178
 Scrotum, malignant pustule of, 215
 Sewerage, good, benefits of, 308
 Sex-digitism, 85
 Shaw, Dr. Henry L. Traumatic injuries of the membrana tympani, 269
 Shoes, old, what becomes of them, 30
 Shurtleff, Mayor, address before the Massachusetts Medical Society, 466
 Silver, oxide of, 406
 Simpson, Sir James Y.
